1st Nephi

Chapter 5:

Section 1: verses 1-8

No, sometimes mom's and dad's make mistakes they can learn from too

5: What did Lehi say to Sariah to comfort her when she was having a hard time?

He knew that the Lord would protect them and bring them home safely

8: After the sons came home Sariah said he knew of a surety that it was the Lord commanding Lehi what to do. What had she gained?

A Testimony

To Sum Up:

Nephi's and his brothers, along with Zoram, returned with the plates to their father. Lehi and Sariah were very glad to have their sons home, they had been very worried about them. Sariah had been complaining against Lehi, but was very comforted once her sons returned.

Chapter 5:

Section 3: verses 17-22

21: Why were the brass plates of “great worth” to Nephi and his family?

They had their family history.

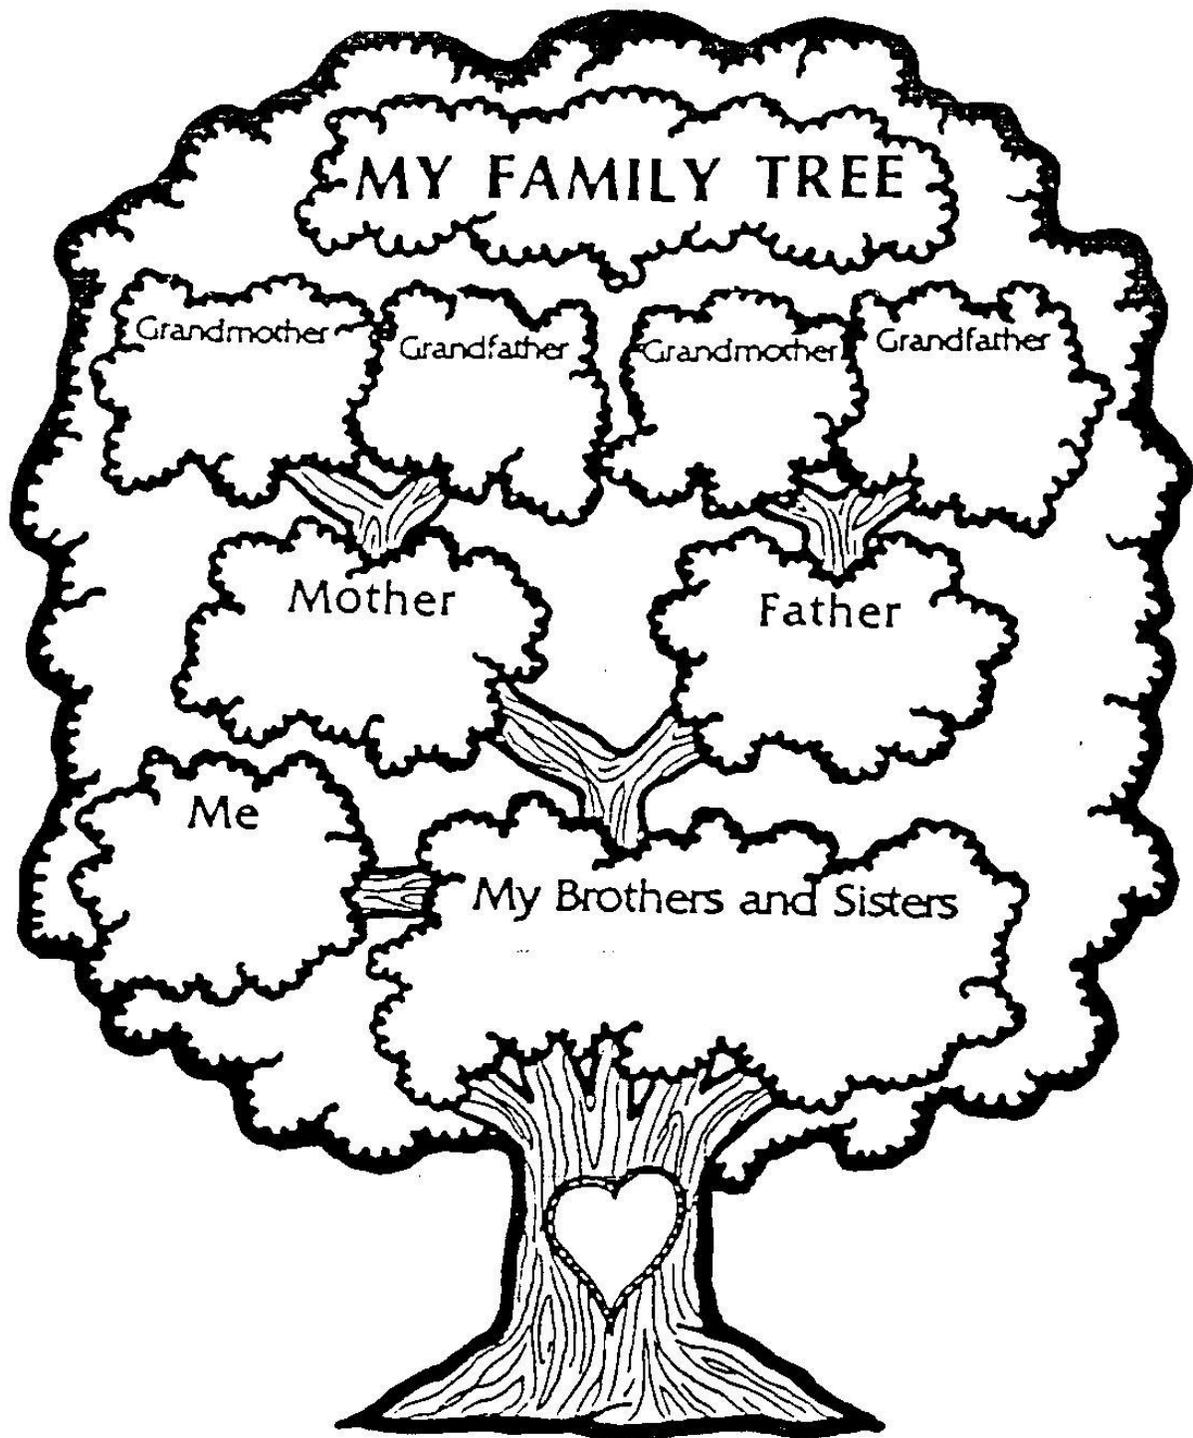

They were also scriptures, when you read scriptures they help you keep the commandments.

22: They might not have realized the importance of getting the plates at first, but then they learned the wisdom of it later. Do we always know why the Lord asks us to do things?

No we don't. Many times the Lord asks us to do things and we don't know the reason why. But the Lord always has a good reason. That is why we always need to listen to what he asks us to do.

To Sum Up:

Lehi prophesies concerning his seed and the preservation of the plates. They found the plates to be of great worth, and they saw the wisdom in the Lord asking them to go back and get them, so they could bring them on their journey.
