
On The Topic of Advice

Week 10 of 40

Activity

Advice

As your child's parents you have the right to raise your child the best way you see fit!

You are going to get advice from so many people, much of it you are not even going to ask for. It is up to you to take that advice or not, no matter who it is from!

Buy or borrow a big puzzle and put it together, together! You can talk or watch a movie together while you do it, it might take more than a couple hours, so you can spread it out over a couple days if you want!

Discussion Points

- *Have you received any advice that you like so far?*
- *Have you received any advice you do not want to take?*
- *What are some ways you can deal with unwanted advice and comments?*

Goal

Do you have a special place where you can write down advice or ideas about parenting that you like? It is easy to forget things. Buy a journal or a spiral notebook to write things down in, and start writing in it!
