# Baby Proofing Your Home

---

Week 27 of 40

Activity

For this activity you will need a pair of shoes (boots would be good) and a camera! Go out and create a photo log of a day in the life of the invisible man! Get creative!

## Advice

When the baby first comes home, it is true that they won't be able to crawl around, but they do grow faster than you think!

Taking steps like putting safety plugs in the electrical outlets, putting locks on cabinets, fastening larger furniture like bookshelves to the walls, and trying to keep things picked up off the floor are some things you can start doing now!

## *Discussion Points*

- *What can we do to baby proof our home?*
- *What do we have in terms of baby first aid? Have you looked up the proper way to do baby CPR just in case?*
- *Walk around your home and see what you need to do in order to baby proof your home, make a list of things you need to buy/do!*

## Goal

Go to the store and look at things that are specifically for baby proofing your home. They will cost a little bit, but having a safe home is well worth any cost! If you cannot buy everything now, buy a couple of the cheap things and start baby proofing!
