Scripture: Matthew 16:19 "We can be a family forever!"

Scripture Story: Getting Married in the Temple

When you grow up you have the opportunity to get married in the temple!

The Temple is a beautiful place!

When you get married in the temple you can be married forever, for eternity!

(Point to the picture of Temple wedding, yours or one provided)\*

If you had the opportunity to get sealed in the temple, tell your child about it. Tell them why it was so important that you got married in the temple, and tell them how much you want them to get married in the temple! If you have not had that privilege yet, you can share your desire to do so with your child – leading by example is always the best!

Activity: Sing the Family Song!

Young children love music and song. This is a simple song from the children's hymnbook that is easy to sing. It also uses everyone's name in your family. Enjoy singing it together - maybe even squeeze in another activity you like to do together - reading, watching a show, going on a walk, playing with a pet.
